PRELIMINARY AMENDMENT

Honorable Commissioner for Patents
Mail Stop Amendment-No Fee
P. O. Box 1450
Alexandria, VA 22313-1450

Dear Sir,

This is a preliminary amendment to the first filing on the above-mentioned date. I have attempted to follow the amendment practice set forth in revised 37 CFR 1.121 in the following enclosed pages for ease of the examiner. I have made revisions to the background, abstract, summary, specification, and substitution of claims 1 through 6. I have added no new material but however have more finitely stated the present invention in the specification. In addition I have renumbered many paragraphs in the later section in order to simplify in understanding and ease of reading. I have also enclosed a complete new copy of the patent as well as the previous one (without drawings).

Thank you for your kind attention.

William C. Sawyer
